

RAMADA HOTEL & SUITES AJMAN ENVIRONMENTAL POLICY

Ramada Hotel & Suites Ajman is fully committed to environmental sustainability and to minimize negative impacts to the Mother Nature and promotes environmentally friendly culture with our internal and external associates during the hotel operation.

Environmental Policy states the commitment of an organization to the laws, regulations, and other policy concerning environmental issues. This policy can be deliberately taken to direct and oversee human activities and thereby prevent harmful effects on the biophysical environment and natural resources, as well as to make sure that changes in the environment do not have harmful effects on humans.

Our key environmental objectives are to:

- Comply with all necessary environmental legislation, rules & regulations.
- Protect environment and prevent pollution of water, land and air.
- Involve community in exemplary environmental activities to minimize wastes and prevent pollution to the environment.
- Maximize the use of recyclables and reusable materials and adopt renewable energy sources to promote sustainability.
- Conserve natural resources, wildlife and scarce species.
- Optimum utilization of resources or reduce wastage cause through consumer returns.
- Use environmental friendly chemicals and implement proper waste management system.
- Educate or train Associates and communicate to the Public about the environmental concerns or issues.
- Create a positive environmental culture with the hotel to reduce land fill.
- Implement appropriate control measure when environmental hazards are identified
